- 27.2 If a Tenderer does not provide clarifications of its Tender by the date and time set in the Procuring Entity's request for clarification, its Tender may be rejected.

 - “Omission” is the failure to submit part or all of the information or documentation required in the tendering document.

29. Determination of Responsiveness

- 29.1 The Procuring Entity's determination of a Tender's responsiveness is to be based on the contents of the tender itself, as defined in ITT 11.
- 29.2 A substantially responsive Tender is one that meets the requirements of the tendering document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that: if accepted, would:
 - i) Affect in any substantial way the scope, quality, or performance of the Property specified in the Contract; or
 - ii) Limit in any substantial way, inconsistent with the tendering document, the Procuring Entity's rights or the Tenderer obligations under the Contract; or
 - iii) If rectified, would unfairly affect the competitive position of other Tenderers presenting substantially responsive Tenders.
- 29.3 The Procuring Entity shall examine the technical aspects of the Tender submitted in accordance with ITT 16 and ITT 17, in particular, to confirm that all requirements of Section IV (Schedule of Requirements) have been met without any material deviation or reservation, or omission.

30. Non-conformities, Errors and Omissions

- 30.1 Provided that a Tender is substantially responsive, the Procuring Entity may waive any non-conformity in the Tender.
- 30.2 Provided that a Tender is substantially responsive, the Procuring Entity may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non-conformities or omissions in the Tender related to documentation requirements. Such omission shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with their quest may result in the rejection of its Tender.
- 30.3 Provided that a Tender is substantially responsive, the Procuring Entity shall have no recourse to rectify any quantifiable nonmaterial non-conformities related to the Tender Price.

31. Correction of Arithmetical Errors

- 31.1 This tender is based on unit parcels of Immovable Properties and does not require checking for arithmetical errors. However, if there is a difference between the entries of unit price in figures and words, price in words shall prevail.
- 31.2 Tenderers shall be requested to accept correction of such difference. Failure to accept the correction in accordance with ITT 30.1, shall result in the rejection of the Tender.

32. Conversion to Single Currency

- 32.1 For evaluation and comparison purposes, the currency (ies) of the Tender shall be converted in a single currency as specified in the **TDS**.

33. Margin of preference and Reservations

- 33.1 No Margin of Preference and Reservations shall be allowed in this tender.

34. Evaluation of Tenders

- 34.1 The Procuring Entity shall use the criteria and methodologies listed in this ITT and Section III, Evaluation and Qualification criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Procuring Entity shall determine the Lowest Evaluated Tender. This is the Tender of the Tenderer that meets the qualification criteria and whose Tender has been determined to be:
 - a) Substantially responsive to the tendering document; and
 - b) The lowest evaluated price.
- 34.2 Price evaluation will be done for Items specified in the **TDS**; and the Tender Price as quoted in accordance with ITT14. To evaluate a Tender, the Procuring Entity shall consider the following:
 - a) price adjustment for correction of arithmetic errors in accordance with ITT 30; excluding provisional sums and contingencies, if any;

 - c) converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITT 31;

 - e) any additional evaluation factors specified in the **TDS** and Section III, Evaluation and Qualification Criteria.
- 34.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be considered in Tender evaluation.
- 34.4 Where the tender involves multiple lots or contracts, the tenderer will be allowed to tender for one or more lots (contracts). Each lot or contract will be evaluated in accordance with ITT 33.2. The methodology to determine the lowest evaluated tenderer or tenderers based one lot (contract) or based on a combination of lots (contracts), will be specified in Section III, Evaluation and Qualification Criteria. In the case of multiple lots or contracts, tenderer will be required to prepare the Eligibility and Qualification Criteria Form for each Lot.
- 34.5 The Procuring Entity's evaluation of a Tender will include and consider all taxes and levies payable on transfer of property.
- 34.6 The Procuring Entity's evaluation of a Tender may require the consideration of other factors, in addition to the Tender Price quoted. These factors shall be specified in the **TDS** and shall be expressed in monetary terms to facilitate comparison of Tenders. Any additional criteria and methodologies to be used shall be as specified in ITT 33.2 (e).

35. Comparison of Tenders

- 35.1 The Procuring Entity shall compare the evaluated costs of all substantially responsive Tenders established

in accordance with ITT 33.2 to determine the Tender that has the lowest evaluated cost. The comparison shall be based on total cost including all transfer costs as indicated in ITT 33.5.

36. Abnormally High Tenders

- 36.1 An abnormally high price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.
- 36.2 In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. The Procuring Entity may also seek written clarification from the tenderer on the reason for the high tender price. The Procuring Entity shall proceed as follows:
 - i) If the tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the tender depending on the Procuring Entity's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, the Procuring Entity shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case may be.
- 36.3 If the Procuring Entity determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), the Procuring Entity shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before proceeding with the tendering.

37. Qualification of the Tenderer

- 37.1 The Procuring Entity shall determine, to its satisfaction, whether the eligible Tenderers that have submitted substantially responsive tenders that meet the qualifying criteria based upon an examination of the documentary evidence of the Tenderer qualifications submitted by the Tenderer, pursuant to ITT 17.
- 37.2 Upon an affirmative determination that eligible Tenderer have submitted substantially responsive tenders, the Procuring Entity shall (in accordance with ITT 34) proceed with physical inspection of the properties offered in all the responsive tenders to confirm their conformity to the Procuring Entity's requirements. If any of the tenders fails to meet the Procuring Entity's requirements, the Procuring Entity shall declare it non-responsive and remove it from the list of the Evaluated Tenderers.

38. Confirmation of the responsiveness of the offered properties

- 38.1 Upon establishing a tender that meets the Procuring Entity's requirements, pursuant to ITT 34.2, the Procuring Entity will engage one or two qualified real estate Expert Firms available in the country of the property (*one or two private real estate valuers or firms depending on the size, value and complexity of the property, selected by the Procuring Entity and agreed with the Seller*) to make a detailed inspection of the offered property and prepare:
 - i) A report confirming its conformity with the Procuring Entity's requirements and itemizing things that the Tenderer would need to attend to prior to the finalization of the sale agreement; and
 - ii) A commercial valuation of the property; the expert shall confirm with the Country's Lands Office that the valuation arrived at is close to the listed commercial value of the said property.

- 38.2 Based on the report, the Procuring Entity shall identify a responsive Lowest Evaluated Tenderer and the commercial value of tendered property, which commercial value shall form a basis for price analysis/consideration.

39. Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders

These discussions shall not substantially alter the original scope of the Procuring Entity's requirements. The items that would need to be attended to before the contract is signed should not be so extended as to render the scope of the property different from the Procuring Entity's requirements.

41.3 The financial negotiations include the clarification of the tax liabilities in the Country where the property is located and how it should be reflected in the Contract, including a determination of who will bear the cost of each tax item. (Appendix 1 shall not be modified)

Purpose

The Government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act (*no.33 of 2015*) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

Requirements

The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Sub-contractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1 above.

Kenya's public procurement and asset disposal act (*no.33 of 2015*) under Section 66 describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- (1) a person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;
- (2) A person referred to under subsection (1) who contravenes the provisions of that sub-section commits an offence;

 - (a) Shall not take part in the procurement proceedings;

 - (c) Shall not be a subcontract or for the bidder to whom was awarded contract, or a member of the group of bidders to whom the contract was awarded, but the subcontract or appointed shall meet all the requirements of this Act.
- (6) An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to the procuring entity;
- (7) If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. Etc.
- (8) In compliance with Kenya's laws, regulations and policies mentioned above, the Procuring Entity: -

b) Defines more specifically, in accordance with the above procurement Act provisions set forth for fraudulent and collusive practices as follows:

“fraudulent practice” includes a misrepresentation off act in order to influence a procurement or disposal process or the exercise of a contract to the detriment of the procuring entity or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive the procuring entity of the benefits of free and open competition.

- c) Rejects a proposal for award¹ of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
